2D Metallics

AARKA 2D METALLICS (A2DM) is a Mica based metallic pearl pigment paste, specially used to create 2D effects on interior walls.

Create an illusion of a multi dimensional wall that adds depth and gives a smooth metallic glistening finish.

Application:

Aarka 2D metallic is a ready to use paste. Water can be added if required for ease of workability. Numerous effects can be created with various tools.
